Bonjour ! My name is Kuan-Wei, Sung.

I am the exchange student from Taiwan.

This is my first time to take plane by myself,

I felt so nervous and excited.

I was so far away from my sweet hometown ,

and now I am in the most romantic and beautiful country "FRANCE."

Many people were asking me "Why do you want to come to France ?".

Even myself wants to know the answer.

Maybe there is a small France in my heart , it is so beautiful so relaxing.

However ,when I arrived, I still could not believe it,

but I know it will be the best trip forever.

The thing that I worry most about is "The School Life",

because I can not understand any word in french.

I just know "Bonjour" "Merci" "Salut ".

Teachers and classmates all are really nice here ,they help me a lot.

I learn many things in school from them.

There is another exchange student in this school too.

She is from Mexico ,both of us are exchange student ,

so we became friends quickly.

Now, to listen to french is the hardest thing for me,

every word sounds the same.

I think I begin to love the school life here.

The best moment in school is always the lunch time ,

eating with friends and talking about everything.

Even though I cannot speak or understand any word in french ,

but I am really happy.

I am glad that I can study in French.

I hope one day, I can talk with my friends in french.

It is just the beginning of my exciting story in France ,

and **IT TO BE CONTINUED !**
